

Reports and Information requests

Stop provides assessment and intervention services for individuals who present with concerning or harmful sexual behaviour.

Reports prepared by Stop are primarily intended to support assessment, intervention planning, treatment delivery, and monitoring of progress. They are not routinely prepared for court proceedings, legal disputes, or evidential purposes. Reports will generally only be released with the client's written consent, unless disclosure is authorised or required by law.

Where a Court, legal representative, or other third party (not the client or referrer) requests a written report for the purposes of legal or court proceedings, a fee may apply. Unless otherwise authorised or required by law, the client's written consent is required prior, to releasing information to a third party

Pricing

Pricing for a full assessment (and written report)	\$4,250.00
Provision of subsequent progress reports	\$860.00
Consultation in relation to any matter before the Courts	\$215 per hour (or part thereof).

Fees may vary depending on the scope and complexity of the request and we will advise of this prior to commencing engagement.

Stop reserves the right to decline requests that fall outside the purpose or scope of our service.

Requests for access to existing personal information held by Stop are managed *separately* in accordance with the *Privacy Act 2020* and our *Privacy Policy*.
